

# MDPE YELLOW GAS

MEETS ASTM D2513, CELL CLASS PER ASTM D3350, PPI-LISTED MATERIAL (TR-4) PE 2406/2708.

## APPLICATIONS

JM Eagle's medium-density polyethylene yellow gas pipes are suitable for use in multiple applications for gas distribution.

## DESCRIPTION

JM Eagle MDPE yellow gas pipe, UAC 2000, is available in ½-inch to 20-inch diameters, and comes in both sticks and coil lengths. It may be installed by heat fusion or mechanical fittings.

A full line of fittings is available.

## BENEFITS

**JM Eagle's UAC 2000 MDPE yellow pipe ensures significant cost savings while providing long-lasting performance. UAC 2000:**

- Features superior resistance to most solvents and chemicals it is likely to encounter in natural and manufactured gas.
- Is non-corroding against gas and external galvanic soil conditions.
- Resists UV degradation when exposed to direct sunlight.
- Resists slow crack growth.
- Can be cut with simple pipe and tubing cutters, allowing for savings in labor and equipment.
- Reduces the cost of manpower required for installation due to its light weight and ease in transport and handling, as well as long laying lengths.

Revised 3/5/2012. This information may have been updated. Please download the latest version at [www.jmeagle.com/onesheets](http://www.jmeagle.com/onesheets).

GENERAL NOTES  
SDR 11.0 is available for 3", 4" and 6" IPS sizes.  
IPS is used in this Submittal and Data Sheet unless CTS is specifically designated.  
Pipe is sold in package quantities only.  
Other pipe and tubing sizes may be available.

Note: Gas Pipe products (previously produced by US Poly) are currently manufactured by JM Eagle™.
