Subject: Build America, Buy America Act Certification

I, Chuck Clark, certify that the construction materials shipped and/or provided to the subject project are in full compliance with the Buy America, Build America Act requirements as mandated by the Infrastructure Investment and Jobs Act (IIJA), Pub. L. No. 117-58, §§ 70901–70952, and applicable requirements of the EPA State Revolving Fund (SRF) Programs, if applicable.

The construction materials listed below meet the definition of “construction materials” under OMB Guidance at 2 CFR Part 184, and all manufacturing processes required for the production of these construction materials occurred in the United States, in accordance with 2 CFR § 184.6.

Items, Products and/or Materials and relevant Product Service Code (PSC) and North American Industry Classification System (NAICS) code:

1. PVC pipe
2. HDPE pipe
3. MDPE
pipe

Such product manufacturing processes took place at the following locations:

- | | | |
|-------------------------|-----------------------|----------------------|
| • Adel, Georgia | • Columbia, Missouri | • Kingman, Arizona |
| • Pueblo, Colorado | • Tulsa, Oklahoma | • Wharton, Texas |
| • Batchelor, Louisiana | • Fontana, California | • Magnolia, Arkansas |
| • Stockton, California | • Umatilla, Oregon | • Wilton, Iowa |
| • Cochran, Pennsylvania | • Hastings, Nebraska | • Perris, California |
| • Sunnyside, Washington | • Visalia, California | |

If any of the above compliance statements change, we will immediately notify the subject project prime contractor.

Signed by:

Chuck Clark
